SA Canopy (Pty) Ltd has used Labournet PE's services from March 2005. Labournet PE introduced policies on absenteeism, incapacity and a disciplinary code to name but a few. Since the introduction of these policies and their assistance we have had excellent results in curbing our absentees which had a direct impact on our productivity.

Labournet PE has highly qualified consultants that assist in dismissal cases giving us peace of mind that all avenues are covered. We have not lost one case at the CCMA since making use of their services.

It is great to have someone that you can rely on for professional advise and that you can count on as they deliver service within 72 hours. SA Canopy often makes use of the help desk when clarification is needed on how to word a charge for a disciplinary enquiry. Every Quarter Labournet PE has a free seminar that keeps you up to date with the latest information. Even if you thought you knew it all, there is always something to take home from the seminars. Labournet PE also offers training; I personally found this to be very informative and could easily implement what I learnt in the classroom back at work.

To SA Canopy, Labournet PE's communication, professionalism, etiquette and service levels are simply exemplary! We are a very satisfied and suitably impressed client for life.

Yours truly,
