Chantelle

It is with great satisfaction that we write you this letter of appreciation.

We would like to thank you for the highly professional work that you assisted us with the latest CCMA case. Your work is of very high standards. It pleases us to have you on our team as we can fully depend and rely on your work. Your assistance and preparation were of such kind that we were completely at ease to attend the CCMA meeting this morning.

Thank you once again for your professional work that you provided us with, these days good professional and efficient service is very hard to find.

Regards

  
Mrs. Jordaan
